

## *Bring It! 101™* An inspirationally designed on-demand professional learning solution for the engaged educator.

### What is the *Bring It! 101™* Professional Learning Solution?

**Q:** What is the driving purpose of *Bring It! 101™*?

**A:** All too often we make critical decisions about teaching and learning in the absence of the best practice research that informs how the brain learns.

TMI believes that all curricular and instructional decisions must reflect brain-based best practice research. Therefore, it is equally essential that we provide you with the professional development experiences, tools and ongoing support necessary for performing your best across all learning environments.

**Q:** What makes the *Bring It! 101™* professional learning solution inspiring and engaging?

**A:** A lot! First, *Bring It! 101™* is comprised of an extensive collection of extremely affordable, manageable and self-paced professional learning packages that we call "Brain Blasts." The Brain Blast Professional Learning Packages are delivered through a series of five, 4-5 minute cohesive video segments providing fresh ideas, practical and immediately applicable instructional strategies, motivational anecdotes, and sound words of advice...all personally brought to you by "Dr. Jim."

Each Brain Blast package includes the companion Brain Blast Guide resources, complete with practical and easy-to-implement strategies - we call these "Brain Blast Ideas" or "BBI's."

Of course, what makes our *Bring It! 101™* solution inspiring, engaging and highly informative is "Dr. Jim!"

To learn more visit *Bring It! 101™*, email ([jgamble@tmieducation](mailto:jgamble@tmieducation)) or call "Dr. Jim" at 888.864.6364, Ext.4 ...today!

*We all need someone to lean on. TMI Education is proud to bring you ...Dr. Jim!*

There are a few uniquely special individuals that you cross a fortunate path with that truly make a difference in your life. Those who will tirelessly persevere to change our world for the better. Those who selflessly and empathetically respond to all situations. Those who possess intellect and wisdom beyond all others. Those who will give every ounce to ensure your success. Among my few, is the one and only, "Dr. Jim" Gamble, TMI Education SVP for Research and Program Development and Lead *Bring It! 101™* developer.

Dr. Jim is the epitome of "educator." He is a Teacher, a Vietnam Veteran, a Leader, a Motivator, a Coach, a Life-Long Learner, a Father Figure, and a Friend. I was fortunate to cross paths nearly thirty years ago as a "wet behind the ears" assistant principal who desperately needed someone to lean on. TMI Education's *Bring It! 101™* is your fortunate path to Dr. Jim's endless pedagogical intellect, instructional wisdom, and unrivaled professional coaching. Novice or veteran, elementary or secondary, and no matter the content area, Dr. Jim will meet your unique individual professional needs - and he will make you better.

Dr. Jim Gamble takes you on a journey toward becoming an even better teacher, bringing to you practical anecdotes, reflective thoughts and brain compatible pedagogical strategies that work along with reasons to believe in yourself and your students.

And if this has not convinced you, visit [www.tmieducation.com](http://www.tmieducation.com) today to learn more about *Bring It! 101™* and Dr. Jim. Be sure to take a look at just a small sample of the testimonials.

*We all need someone to lean on.  
Let yours be Dr. Jim!*
