# The 2020-2021 Virtual Balanced Literacy Solution

## In every challenge is the opportunity for positive change!

The **Virtual Balanced Literacy Solution (VBLS)** is specifically designed to be extremely beneficial for both the current and post-pandemic contexts. The unfortunate and unprecedented circumstances have forced us to reimagine how we can provide sustained, seamless and state-of-the-art professional learning. The **VBLS** will enable literacy practitioners to effectively implement a balanced literacy program in fully remote, traditional and hybrid format.

As a member of the **2020-2021 Virtual Balanced Literacy Solution (VBLS)**, your district will have access to an extensive collection of membership benefits, including:

- 5 full-session (approx. 4-5 hours) remotely-delivered interactive workshops on best practices in Balanced Literacy teaching and learning
- 10 half-session (approx. 2-3 hours) remotely delivered grade level-specific consultative sessions and instructional resources
- District or School-wide Subscription to the digital **VBLS Toolkit**:
  - Curriculum samples
  - Videos of Balanced Literacy sample lessons
  - Readings and links to curated resources
  - Access to our online community for conversation and idea-sharing
  - Resources to share directly with parents
- Optional: School-Based Coaching and Planning Sessions (at discounted rates)
- Optional: Outstanding Professional Books and Resources authored by the Literacy Alliance team, including founders Dr. Gravity Goldberg and Dr. Brian P. Chinni (at discounted rates)
